

Thursday Morning.

Dear Louise, -

Suppose you have been looking for a letter but did not realize the time was flying so but when you are busy you forget. There is such a thing as time. How are you? imagine you are busy also. You got the things alright Sunday. I did not tell them a cake was among the bundles and wondered if it was upside down as it would of been if I was delivering it.

Recived a wonderful picture of Alma's children. Two lovely children. The Bridges have a new pair of twins boy and girl this makes 3 since going down town.
